

RESOLUTION NO. 1476

AT A REGULAR MEETING OF THE VINTON TOWN COUNCIL HELD ON TUESDAY, JULY 1, 2003, AT 7:00 P.M. IN THE COUNCIL CHAMBERS OF THE VINTON MUNICIPAL BUILDING, 311 SOUTH POLLARD STREET, VINTON, VIRGINIA

A RESOLUTION IN SUPPORT OF RAIL ALTERNATIVES TO COMPLEMENT PLANNED IMPROVEMENTS TO INTERSTATE 81.

WHEREAS, the I-81 corridor is increasingly the route of choice for trucks traveling between the northeast and the south and southwest because of congestion on I-95 and expanding shipments generated by the North American Free Trade Act; and,

WHEREAS, two multi-national corporations, Halliburton and Fluor Corporations, have submitted proposals to the Virginia Department of Transportation (VDOT) to expand the number of lanes and other appurtenances on I-81; and,

WHEREAS, Norfolk-Southern Corporation estimates that seventy percent (70%) of truck traffic on I-81 passes through Virginia to destinations south or north; and,

WHEREAS, the minimal rail freight proposals included in the Star Solutions and Fluor Public Private Partnership Act proposals do not adequately address rail freight potential in the whole I-81 corridor; and,

WHEREAS, these same proposals provide no option for passenger rail, although upgrading the corridor's main rail line secures the passenger rail option; and,

WHEREAS, the Commonwealth of Virginia is now planning the future of the I-81 corridor, those decisions containing dramatic impacts for the future of western Virginia; and,

WHEREAS, the Commonwealth of Virginia's decision on this corridor will determine whether I-81 and connecting interstates will become a multi-state "East Coast Truck By-Pass;" and,

WHEREAS, the increased use of railroads to move freight will improve safety by reducing dangerous vehicular congestion on I-81, improve energy conservation by reducing the amount of diesel fuel consumed for freight transportation, and improve the health of people and other forms of life in western Virginia by dampening the rate of increase in diesel engine-generated toxic emissions along I-81; and,

WHEREAS, the creation of additional freight rail capacity paralleling I-81, in Virginia and Tennessee, may spur creation of new freight rail capacity nationwide, resulting in more shipping options at lower cost for the Nation's businesses.

NOW THEREFORE BE IT RESOLVED, that the Council of the Town of Vinton strongly petitions for the development and promotion of rail freight and passenger service parallel to I-81, to complement limited highway-widening and to move a large volume of the long-distance freight traffic from trucks on I-81 to freight trains on dual track, high-speed rails parallel to I-81.

Motion made by Councilman Rotenberry, seconded by Councilman Grose, with the following votes recorded:

AYES: Altice, Grose, Obenchain, Rotenberry, Mayor Davis

NAYS: None

APPROVED:

Donald L. Davis, Mayor

ATTEST:

Carolyn S. Röss, Town Clerk
